Daniel Jacobs

Head of Careers (Green Room Windsor & College)

As Head of Careers at The Green Room Schools, my mission is to empower our students to pursue their passion with us at The Green Room and beyond. I work primarily with students Year 11, 12, 13, and beyond, as they navigate their journey towards adulthood and independence. My intent is dedicated to working closely with colleges and employers to create a bridge of opportunities, enabling our young people to soar beyond the confines of The Green Room and reach their full potential.

Claire Anderson

Careers Advisor (Green Room Windsor)

As Careers Advisor at The Green Room Schools, my goal is to engage with students in shaping their future plans. I believe in initiating these critical conversations early to provide our students with the finest impartial advice and guidance. My intent is to assist students in setting out on a path to success, not only throughout their time at The Green Room but extending far beyond it. I too work closely with local colleges and employers to carve the best possible opportunities for our students.

Through attending business networking events and regular meetings with community champions we are able to create meaningful work experience placements with supportive employers and access a wealth of volunteer work opportunities providing invaluable experience for our students. **Together, we prepare the next generation for a bright and promising future.**
